- **Professor Ioan Ursachi, Founding Member of RAFPEC (FRAPEC).**

RAFPEC, the Romanian-American Foundation for the Promotion of Education and Culture, marked on October 13, 2021 the 80th Anniversary of the reputed Professor Ioan URSACHI, Founding Member of RAFPEC (FRAPEC). FRAPEC is a juridical person of civil law without a patrimonial goal, of Romanian nationality, with humanitarian, philanthropic, and social character, of general interest, and non-governmental, independent, non-political, and non-ideological organization, having as main goal to promote and spread the values of science, the civic education, and the Romanian culture in the USA as well as the American culture in Romania. As a family of intellectuals (enlarged over time, while remaining true to its founders' values and ideals) who pursued their stated goals without doubts, the honorable Members of RAFPEC (FRAPEC) were promising to themselves a commitment to the ethos of voluntary work and generosity in the quest of new ideas, always confirming their dedication to education of the highest quality and the promotion of valuable ideas and social partnerships in a multicultural environment in which things happen, keeping abreast of the times.

On the above-mentioned special occasion, the President of FRAPEC, Professor Dumitru MIRON (who is also the President of the Senate of the Bucharest Academy of Economic Studies, and Honorary Member of the Romanian Distribution Committee), sent an emotional message, announcing the award of two Diplomas for the brilliant University Teacher, Valuable Academic Manager and Dedicated Founder of RAFPEC (FRAPEC), who is Professor Ioan URSACHI.

La Mulți Ani Domnule Prof. univ. dr. Ioan URSACHI,

Ne aflăm astăzi la un moment emoționant pentru noi toți, ziua în care apreciatul nostru confrate împlinește frumoasa vârstă de 50 (plus 30) de ani.

Deocamdată, doar în acest mod (din cauza circumstanțelor societale...) îi urăm multă sănătate, fericire personală, viață lungă și noi realizări pe toate planurile.

La momentul la care condițiile sanitare vor permite mai mult, propun să revenim cu marcarea cum se cuvine a acestui moment referențial pentru un strălucit dascăl universitar, valoros manager în plan academic și dedicat Fondator al FRAPEC.

Atașez copiile a două diplome prin care marcăm (relativ modest...) un astfel de eveniment drag nouă.

Dumitru MIRON
